AMEND Senate Bill No. 790

House Bill No. 667*

by designating the existing amendatory language of Section 1 as subdivision (d)(1)(B)(i) and by adding the following as a new subdivision (d)(1)(B)(ii):

(ii) In any written protocol to provide preventative dental care by the dental hygienist in the medical practice under subdivision (d)(1)(B)(i), the medical practice that contains a pediatrician must agree to provide the following to the hygienist who is to perform the preventative care:

(a) A dental chair approved by the American Dental Association;

(b) An oral x-ray machine equipped to provide services to pediatric patients;

(c) Pediatric dental tools;

(d) A water supply;

(e) Mercury separators; and

(f) Emergency equipment that is present and exclusively readily accessible in the hygienist treatment room that includes the following:

(1) A positive pressure oxygen delivery system that includes a full face mask for pediatric patients; and

(2) Oral and nasal airways of various sizes for pediatric patients.
